

imageRUNNER ADVANCE DX 8700 Series

CONNECT SECURELY, TRANSFORM DIGITALLY

INNOVATIVE SCAN TECHNOLOGY AND SMART SOFTWARE WORK HAND-IN-HAND

The future of business is digital. Canon imageRUNNER ADVANCE DX is a new generation of smart multifunction devices, designed to support and accelerate every step of your digital transformation. Built with Canon's imageRUNNER ADVANCE DNA, state-of-the-art technology and software work hand-in-hand to digitise, automate and optimise content-centric workflows.

Canon's imageRUNNER ADVANCE DX 8700 Series offers smart and secure A3 mono production machines, maximising workflow efficiency without compromising on security. A range of finishing solutions for every print environment and high resolution scanning with state-of-the-art technology deliver professional outputs, every time.

Outstanding Cloud Output Management Solution

Canon

imageRUNNER ADVANCE DX 8700 Series

PRODUCTIVITY

- Fast, high-quality printing and scanning, with expansive connectivity options
- Automated scan, store and search workflows boost efficiency and reduce human error
- Device management tools such as iWMC provide centralised control over the device fleet and print management
- Automatic removal of blank pages when scanning minimises process times
- Reusable formats, automatic file names from barcode data, Office format conversions, cloud and device OCR with IRIS enable easy handling and fast document processing
- Edit print settings at device level for accurate scan output

IMAGE QUALITY

- Maximum 1,200 x 1,200 print resolution produces clear and accurate images
- Print features include the following: Secure Watermark, Header/Footer, Page Layout, Two-sided Printing, Mixed Paper Sizes/Orientations and Poster printing.
- Image processing technology uses sensors to digitally correct skewed images for high accuracy

SCAN QUALITY

- Fast scanning, with speeds of 270 ipm (A3), and the ability to scan to the network, USB, to a mobile device or to the cloud
- Scan up to 250 sheets with the single-pass Duplexing Automatic Document Feeder, capable of one and two-sided scanning of documents up to 220gsm

- Antifouling coated glass provides stain-resistant, anti-streak scanning every time for reduced rescanning
- A scan resolution of 600 x 600 means documents are captured in pinpoint detail

CLOUD CONNECTIVITY

- Scan and print documents from any location with enhanced cloud connectivity, offered with re-usable print formats for ease of use
- Cloud-based software-as-standard uniFLOW Online Express offers a single integrated solution to enhance device security and simplify print management
- Canon's MEAP platform optimises processes by integrating with document capture and output management solutions and various applications such as uniFLOW Online*, AirPrint, Mopria, Google Cloud Print and Canon PRINT Business

PROFESSIONAL FINISHING CAPABILITIES

- A range of professional finishing solutions for every print environment
- Options include: Collate, Group, Offset, Staple, Saddle Stitch, Hole Punch, Eco Staple, Staple On Demand, Document Insertion, Z-fold, Half-fold, C-fold, Accordion-Z fold, Double Parallel-Fold and Trimming
- Enhanced finishing capabilities make it a perfect preprint device for CRD or GA environments

SECURITY

- Ensure information confidentiality and security across the network with IPsec and firewall functionality
- Set up device authentication, two-factor authentication and device function restrictions for both device and cloud-based security measures
- Encrypted PDF scanning ensures document security during scanning process
- Upgrade to uniFLOW Online* for enhanced secure printing, mobile printing, and guest printing from any device
- Combination of Verify system at start up and McAfee Embedded Control Software ensures device functionality is never compromised from the tampering of firmware and applications, all in real-time

SUSTAINABILITY

- Edit print settings at device-level for accurate scan output
- Quiet operation and reduced paper hitting sounds during scanning is enabled thanks to technologies such as digital registration and a smooth ADF internal structure
- Automated and digitised processes minimise paper usage for a paperless office
- Reduce waste with high-quality scanning, including digital deskewing and advanced stain-resistant glass

*uniFLOW Online is available as a Device Based Cloud Subscription for Document Output and Capture Management. Based on business needs, users can upgrade to uniFLOW Online to unlock a range of advanced benefits, including: increased security with user authentication methods. Personalised workflows to enhance productivity. Reduced wastage by releasing jobs at the device. An intuitive cloud dashboard to leverage real-time data. Greater control over access and usage to reduce print costs.

QUICK FACTS

- **Format:** Mono A3
- **Paper Supply Capacity (Max):** 8,860 sheets
- **Warm-up time:** 4 seconds or less
- **Finishing Capabilities:** Collate, Group, Offset, Staple, Saddle Stitch, Hole Punch, Eco Staple, Staple On Demand, Document Insertion, Z-fold, Half-fold, C-fold, Accordion-Z fold, Double Parallel-fold, Trimming
- **DADF Capacity:** 250 sheets
- **Supported File Types:** PDF, EPS, TIFF, JPEG, and XPS
- **Optional:** EFI Fiery embedded
- **Print speed:** 86-105 ppm (A4)
- **Scan Speed:** 270 ipm (A3)
- **Print Languages:** UFR II, PCL 6, Adobe® PostScript 3™ (Optional)
- **Print Resolution:** 1,200 x 1,200

- Efficient workflow automation means documents are intuitively scanned, searched and stored with applications including OneDrive, SharePoint, Concur and Dropbox
- Accurate, high-speed scanning is facilitated by Canon's innovative new paper feeding mechanism and stain-resistant glass
- Enhanced cloud connectivity enables collaborative document access from anywhere with re-usable formats for easy handling
- McAfee Embedded Control software alongside with other security features offer complete peace of mind and a 360° protection covering: document, network and device
- Simplified print management is enabled with centrally-managed print settings and device usage analysis, provided through native uniFLOW Online Express
- Quiet ADF operation, low energy consumption and reduced emissions lower environmental impacts

TAILORED SOLUTIONS TO MEET EVERY CHALLENGE

CORE

Perform routine office operations safely and with ease, with minimum hardware, embedded software including UFOE and services offering complete device maintenance and support.

HARDWARE

SERVICES

SOFTWARE

ENHANCED

Boost performance with enhancements such as finishing options and security add-ons e.g. Data Removal Service. Choose solutions to expand cloud capabilities with uniFLOW Online including advanced scanning directly with your Google account.

BESPOKE

Choose tailored solutions for any business need by removing print management burdens. Consult with Canon experts to manage your extensive requirements, with bespoke solutions and Managed Services options.
